## eFunds for Schools

Look for the **eFunds for Schools** to be set up and available very soon for parents to be able to make lunch payments and more.

**eFunds for Schools** allows parents to make payments from their checking account, debit card and credit card. Parents who want access to this convenient payment service pay a small fee.

Parents can make payments 24-hours a day, 7-days a week. Payment can be made by visiting the school's website and, via hyperlink, the parent is transferred to the **eFunds for Schools** secure payments server.

When parents access the system, they may make one payment, pay multiple school activities, and pay for one or all of their children during a single visit.

Parents can establish a recurring payment, such as a lunch payment, that repeats for a desired amount on a schedule selected by the parent.

Parents can review online payment history that will show each electronic payment made and the school activity paid for, per-child, for the entire school year.

### Pay

e~Funds for Schools accepts payment at anytime, for unlimited schools services from multiple payment platforms

During a single visit a parent can make a single payment and apply it to several children and multiple school activities that need to be paid.

## Improving Air Quality in the School

The Board of Education is looking at improving the air quality of in the school buildings. A mechanical engineering firm, ETI, is being consulted for advice on how to improve the indoor air quality throughout the buildings at Sterling Public Schools. Bringing in outside air during the summer, fall and spring when this air is high in humidity causes a higher than acceptable humidity level in the school buildings. A big factor to consider is to dehumidify fresh air and condition it before bringing outside air into the school. Adding air conditioning to the gym is a possibility with this proposal as well as replacing the 1978 boiler.

### Fall FFA Banquet and Labor Auction

The Sterling FFA Members will be holding a Labor Auction on November 8 in the high school gym at 6:00 p.m. Parents and community members are invited to a soup supper and to learn more about FFA. The members who have earned their first degree in FFA, the Greenhand Degree, will be receiving their bronze pins that evening. Plus each of the twenty-five members of the Sterling FFA will be auctioned off to the highest bidder to work an eight hour day.

### New Fencing Around Playground

The playground between the school and the shops has had the old fencing replaced on three sides with safer new playground fencing.

### One Act Play...

# “The Actor’s Nightmare”

This year’s play “The Actor’s Nightmare” by Christopher Durang follows an accountant named George Spelvin, who is mistaken for an actor’s understudy and forced to perform in a play for which he doesn’t know any of the lines. How will George fit into the various shows he is expected to perform? Come find out on November 25th at 7 p.m. There will be dessert following the performance. This years cast is: Ben Logston, Micah Erickson, Sara Scamehorn, Megan Barber, and Chelsea McDonald.

# From The Principal's Desk

by Ryun Theobald

We are officially one quarter of the way through the 2013-14 school year and everything seems to be flowing along nicely. The weather has finally changed, but one thing has remained the same within the walls of SHS, and that is the outstanding work ethic of our students and staff. We continue to have a staff that is committed to providing a high quality education for our students and our students continue to work to meet the high expectations set forth by our staff. With that being said, here are a few highlights that I would like to share with you.

**1. Student of the Month.** Our high school student of the month for the month of September is Thomas Tucker. Thomas is the son of Terri and Jason Bartels. Our middle school student of the month is Zach Scamehorn. Zach is the son of Michelle Wenzl and Steve Scamehorn. This award is extra special for these two outstanding young men as they were the first to be honored this year.

**2. Veteran's Day Program.** Sterling Public Schools will once again be celebrating Veteran's Day with a program on November 11th. The program will begin at 9:30 a.m. and will be take place in the gymnasium. This program is open to the public and I would encourage you, if you have the time, to come help us honor those people that have served or are still serving our great nation. In addition to the program, all Veterans, Ladies Auxiliary members and Legion members are welcome to attend a coffee at 9:00 a.m. in the cafeteria.

**3. High School Journalism.** Our high school journalism class, which is responsible for the production of the Yearbook, is off to a great start. This years class is under the direction of Mrs. Koncaba with some valuable assistance from Ms. Shea. The number of students who are taking this class is as high as it has been in recent years. This class has also brought back a monthly newsletter, called Jet Tales, which is distributed to all students and is also available at most home athletic contests. This monthly production is giving the staff valuable journalism practice as they prepare to assemble the 2013-14 Yearbook.

**4. Pizza Hut Thank You.** I would like to send out a special thank you to Pizza Hut in Tecumseh and store manager Brad Clements. Pizza Hut has done a fabulous job of supporting our school once again this year. Our students in grades K-5 recently participated in a Halloween coloring contest. All students received a coupon for a free personal pan pizza for their participation. We have also received 250 certificates for free medium one-topping pizzas that we as a school can determine how we give out. Currently we will be giving those out for students in grades 6-12 who achieve all A's on the semester honor roll. Elementary students received these certificates the past couple of years based on good character. The elementary teachers are in the process of determining how these certificates will be awarded this year.

As always, if you have any concerns or comments, please do not hesitate to give me a call.

# SKILLSUSA

For the past 15 years, Sterling Public Schools has been home to a large SkillsUSA chapter. What exactly is SkillsUSA? According to the SkillsUSA website, it is a partnership of students, teachers, and industry working together to ensure America has a skilled workforce and helping each student excel. Prior to the name change, SkillsUSA was known as VICA (Vocational Industrial Clubs of America). SkillsUSA is a national nonprofit organization serving teachers and high school and college students who are preparing for careers in trade, technical, and skilled service occupations (including health occupations).

But SkillsUSA is much more than a definition, especially in Sterling. Many students have been a part of this program through the years, and this year, membership is currently at 56 with Mr. Chris Salberg and Mrs. Makenzie Koncaba sponsoring now due to the large numbers. Membership has grown throughout the years, and middle school has been added. This is the second year for middle school students to be able to be a part of this organization. What makes this such a powerful program in our district?

As a SkillsUSA member, students not only learn about a plethora of different career choices, but also about volunteerism, community service, hard work, and dedication. SkillsUSA members have completed many community service projects over the years including a partial listing of projects completed this past year:

- \* siding cemetery building
- \* painting buildings at Deer Creek
- \* dug footings for the 1917 school monument
- \* painted lines at the park basketball court
- \* brick tended for the 1917 school monument
- \* Alumni Banquet/Memorial Day dinner table set-up and tear-down
- \* helped families with moves (packing and unpacking)
- \* provided help for area farmers
- \* in charge of the Sterling Picnic car show
- \* ran Bingo at Sterling Picnic
- \* Replaced screens on the 4-H building at the Johnson County fairgrounds
- \* Moved furniture out and back in the elementary classrooms after carpet installation
- \* helped with the Sterling Booster club's Back-to-School fun night
- \* built chick coops for Orschlen's in Tecumseh
- \* removed the fencing between the sports court and the lot to the west

With these community service activities, the members log work hours to earn money for the state convention in the spring. Each student is required to pay the annual dues of \$12.50; then they can work to log hours to earn money to pay for the hotel room, food, etc. for the state convention. Through this, students learn that giving back to their community is important, and along the way,

they learn from the projects in which they participate and the value of hard work, dedication, and working together. So far, 49 members have already logged numerous community service hours.

Not only do students have the opportunity to complete a variety of community service projects, but they also have the opportunity to attend events throughout the school year. This past Monday, September 23<sup>rd</sup>, 48 students attended the Fall Leadership Conference in Lincoln, Nebraska. During this conference, students were able to tour at least one of the following companies/businesses: St. Elizabeth hospital, Sandhills Publishing, Kawasaki, Duncan Aviation, and Cleaver Brooks. The students were also able to attend sessions that were offered in the afternoon. These sessions were entitled: Rolex volcano, Bringing the Thunder, Calm before the Storm, Aftermath of Pow, and Reality Strike. This is only one of the activities and/or field trips that the Skills chapter has or will attend. The next adventure is slated on Monday, October 7<sup>th</sup>, with the group going to tour either Lincoln Machine or Rivers Metal and in the afternoon everyone tours Memorial Stadium.

This is the 15<sup>th</sup> year of the Sterling SkillsUSA chapter. And the chapter is doing great! Mr. Chris Salberg was selected as the 2010-2011 State SkillsUSA Advisor of the Year. The group was selected as the State SkillsUSA Chapter of the Year for 2011-2012. Both are very impressive honors, as there are 72 chapters across the state of Nebraska.

SkillsUSA students have many opportunities at the state convention, which will be held this year from Wednesday, April 16<sup>th</sup> through Friday, April 18<sup>th</sup>, in Omaha. Each student is responsible for the \$60 registration fee. Since the competition spans three days, so the students will spend two nights at a hotel. The more hours the students accumulate on volunteer service, the more money they can “earn” to offset the money needed for costs incurred on the trip. On average, a student needs to accumulate eight hours of service work to pay for the hotel and a total of 12 hours to earn meal money. Any hours earned over 12 can be put toward the registration fee. So the kids learn the importance of work and giving back to their community.

So what events are held during the state convention? There are competitions in the areas of woods, metals, medical areas, criminal justice, job skills demo, quiz bowl, community service,

speech, web design... actually, the list goes on and on. To learn more about the competitions, please visit the SkillsUSA website: <http://www.skillsusa.org/compete/contests.shtml>. SkillsUSA offers a plethora of activities in many different career areas, giving students a great opportunity to excel in many capacities. Additionally, Sterling has had four students win at the State level and these students have attended the National Convention.

Please follow the Sterling SkillsUSA organization. And remember, if you are in need of help or a service project, contact Mr. Salberg or Mrs. Koncaba at the school and they will help line up volunteers for your project. The Sterling SkillsUSA chapter would like to thank all of their donors and all of the opportunities for students to do community service and volunteer.
